Cuddington Primary School

Personal Development: Anti-Bullying Week

We have thoroughly enjoyed Anti-Bullying Week - in our opinion, one of the most important weeks in the school calendar!!

Children across school have engaged in a plethora of activities: a time to design unique socks and reaching arms; reflections and workshops around bullying scenarios; role play and hot seating to explore positive responses; activities encompassing positive reach out strategies to find help and support; the release of our new school Anti-Bullying help video; the launch of our student voice, 'School Council' and even a chance to show off our wonderful ways of being kind.

Anti-Bullying: Reach Out

As our week concludes, our celebration assembly was such a fitting way of uniting our school community on such an important topic as we continue to fulfil our school vision of 'Respect, Collaborate and Aspire.'
