

Cuddington Primary School

2023 -26 Accessibility Plan

Cuddington Primary School plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school.

The Accessibility Plan contains relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

This Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Equal Opportunities Policy
- Health & Safety Policy
- Special Educational Needs and Disabilities Policy
- Sexual Relationships Education Policy
- Strategic School Development Plan

It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period.

The Plan will be monitored, to assess its impact on the school community annually.
